# Chau Vu Minh Quan

Web Developer

Dictric 4, Ho Chi Minh City • cvminhquan@gmail.com • +84 376839071

As a Web Developer with nearly 3 years of experience, I specialize in building responsive, high-performance web applications using modern frontend frameworks like ReactJS/NextJS and backend technologies including PHP and Node.js/NestJS. I am passionate about code quality, system performance, and user experience, and I continuously improve my skills to deliver robust and scalable web solutions.

## EDUCATION

**NONG LAM UNIVERSITY**                                                                                                  Ho Chi Minh City
Engineering of Information Technology                                                                                  *2018-2023*

## CERTIFICATION

Software Development With Scrum                                                                                        *Issue Date*
